CroisiEurope

## BOTSWANA, NAMIBIA, & ZIMBABWE

Riverboat operator [CroisiEurope](#) will introduce its first African cruise itinerary in fall 2017, aboard a new (yet-to-be-named) luxury vessel that will navigate shallow sections of the Chobe and Zambezi rivers in Botswana, Namibia, and Zimbabwe. On board, just 16 passengers can enjoy eight balcony-trimmed deluxe cabins, as well as a panoramic restaurant, lounge, and rooftop patio. CroisiEurope's eight-night cruise-and-land itineraries will pair five nights aboard the riverboat, with an additional three nights in one of two new CroisiEurope-owned luxury lodges in Namibia (the base for an excursion to [Victoria Falls](#)). While itinerary specifics are still trickling through, the cruise route will emphasize wildlife viewing and cultural immersion, and will kick off from the line's newly built pier along an offshoot of the Zambezi River (in Namibia), before continuing along the Chobe River with stops in varying sections of the African bush.

**Plan Your Trip:** Visit Fodor's [Botswana](#), [Namibia](#), and [Zimbabwe](#) Guides
