Finnair planning flights on several new Asia routes

By Richa G

2. April 2013 07:10

Finland's national flag carrier Finnair recently announced it is planning to introduce more flights on several new routes in Asia. The airline's decision has come as a relief to travelers to Asia as it would offer multiple flights options and opportunity to book cheap [air tickets](#) ⁰.

Finnair in a statement said that the number of flights to Asia it has been operating for the past 12 years has drastically increased growing more than 600 percent. The airline further said that it will continue to increase flights to new Asian destinations.

The airline stated that it is mulling to connect traffic from the biggest Scandinavian and European airports to secondary airports in Asia. The airline said that it would be launching new routes in China and Vietnam.

The airline is planning to begin flights to Xian in China and would launch new route to Hanoi in Vietnam. Apart from this, the airline would also introduce new routes in Asia including Philippines, India, Indonesia, Japan, China, Malaysia, Mongolia and South Korea.
