The Finnair SkyWheel is in Katajanokka harbour in central Helsinki, near where Finnair first based its flight operations, as Aero Oy, in the 1920s.

Ferris wheels are a great way to get a birds-eye view of something you wouldn't ordinarily be able to.

Although Houston isn't home to any famous wheels, like the new one that was just revealed in Helsinki, Finland, it still has some the locals consider landmarks.

Among these are the Pleasure Pier, Kemah Boardwalk and Downtown Aquarium rides. Each offers a unique opportunity to get a new perspective of familiar land.

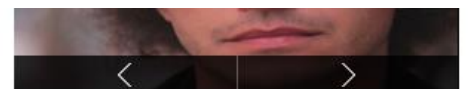

Above are some Ferris wheels from around the world that have become iconic.
