Give him the gift of relaxation. Send him to this spa in Vancouver where he'll get treated to a straight razor hot shave and a deep relief massage—while his suit is being hand-pressed. Then, he'll head to dinner and cocktails at the underground cocktail bar with Mom (or, you!)

This is the gift for any Dad looking to channel his inner George Clooney with golf by Italian Lakes. American tour operator Perillo released several new golf packages, but one of the standouts is the 9-Day Golf Highlights of Lake Region where you and your father can visit Italy's scenic Lake District, get in six rounds of golf at idyllic courses (Castelconturbia, Bogogno, La Pinetina, Menaggio, Carimate, and Villa D'Este round out the list), and stay in Stesa and Como. A 7-day car rental (manual transmission—you know, if you're feeling adventurous) or private transfers is included from/to the airport and between cities.

Begins at \$2,154/person (international airfare is not included; price and trip can be modified based on the number of travelers), [italyvacations.com](http://italyvacations.com)
