Learning Journeys, a unique collection of customized travel experiences powered by Perillo Tours, is offering 18 percent commission on all Family Adventures bookings made by April 30, 2013.

Learning Journeys offers educational and private touring packages that combine exploration and culture, thereby creating an outside-the-box, hands-on experience.

Family Adventures features the following itineraries:

- 8-Day Kenya Family Safari Adventure
- 9-Day Costa Rica Family Discovery
- 10-Day Arabian Family Adventure
- 10-Day India Culture and Cubs
- 12-Day Greek Family Yacht Adventure

The courses experienced throughout the itinerary range from two-to-four hours and families can select from a list of learning options at the time of booking, limited to one selection per group. These

experiences allow families to broaden horizons and create a bonding experience by learning something new together, which builds memories that last far beyond the travel experience.
