With the holidays approaching, **Saint-Barthélemy** is about to become a hotbed of celebrity activity, with one exception. St. Barth regular **Steve Martin** will likely be vacationing somewhere else this winter.

The funny man listed his island home, **Villa Au Soleil**, for the second time in two years (his **first try** was last summer, but he was also open to \$28,000 per week rentals.

The asking price is \$9,015,012 and you'll find the house located in the hills of the exclusive **Lurin** neighborhood. Inside is a gourmet kitchen, formal dining room, a large living room with a media area, multiple terraces, and en suite bathrooms off of each bedroom.

The property also features a two-tiered infinity pool and sun deck surrounded by tropical gardens with views of **St. Jean Baie** and the infamous St. Barth Airport runway.

Have an extra \$9 million hanging around, or just want to see more photos of this amazing vacation home? Then, you can find more information about Villa Au Soleil, at [stbarthproperties.com](http://stbarthproperties.com).
